## **Food and Agriculture Sector**

5. *February 20, Evansville Courier & Press* – (Illinois) **Fire destroys southern Illinois ag plant.** An office and a large warehouse at the Crop Production Services agricultural plant in Browns, Illinois, were damaged by a fire that broke out February 20 and remains under investigation. Frigid temperatures and strong winds hampered the firefighters' response to the blaze.  
Source: [http://www.courierpress.com/news/local-news/southern-illinois/fire-destroys-southern-illinois-ag-plant\\_42330529](http://www.courierpress.com/news/local-news/southern-illinois/fire-destroys-southern-illinois-ag-plant_42330529)
6. *February 19, Yuma Sun* – (Arizona) **Arizona citrus quarantine expands to Maricopa County.** A State-imposed Asian citrus psyllid quarantine was expanded to include Maricopa County after the insects were detected in several residential areas around Gila Bend. The Arizona Department of Agriculture urged the public to abstain from taking citrus fruit, plants, or cuttings from the area inside the quarantine that bans citrus from being sent outside the affected area without certification to do so.

8. *February 19, U.S. Food and Drug Administration* – (New York) **Kirsch Mushroom Co. Inc. recalls Chilean Mushrooms for undeclared sulfites.** The U.S. Food and Drug Administration reported February 18 that Kirsch Mushroom Co. Inc., recalled its Chilean Mushrooms that were sold at Sloan super markets in Buffalo between November-December 2014 due to undeclared sulfites. The recall was initiated after routine sampling by the New York State Department of Agriculture and market food inspectors and subsequent analysis revealed a sulfite level in excess of 10 milligrams per serving.

## **Healthcare and Public Health Sector**

11. *February 20, Evansville Courier & Press* – (Indiana) **Flooding closes Gateway urgent care clinic until Monday.** The urgent care facility on Deaconess Hospital's Gateway campus in Newburgh will remain closed at least through February 23 due to flooding inside the building, officials announced February 20.  
Source: [http://www.courierpress.com/news/local-news/flooding-closes-gateway-urgent-care-clinic-until-monday\\_66365375](http://www.courierpress.com/news/local-news/flooding-closes-gateway-urgent-care-clinic-until-monday_66365375)
12. *February 20, Orlando Business Journal* – (Florida) **3 arrested for operating unlicensed Orlando clinic for insurance fraud.** The Florida Department of Financial Services announced February 19 that three individuals were arrested for allegedly operating an unlicensed clinic in Orlando as part of a personal injury protection fraud scam. A doctor charged in the scheme fronted ownership of the Unity Pain & Injury Center LLC from February-December 2012, while the clinic was actually run by non-licensed individuals who paid the doctor \$1,500 a month for use of his name.  
Source: [http://www.bizjournals.com/orlando/morning\\_call/2015/02/3-arrested-for-operating-unlicensed-orlando-clinic.html](http://www.bizjournals.com/orlando/morning_call/2015/02/3-arrested-for-operating-unlicensed-orlando-clinic.html)
13. *February 19, Boston Globe* – (Massachusetts) **Gas-fed fire forces evacuation of Duxbury care facility.** Seventeen residents from the Duxbury House, an Alzheimer's care center in Massachusetts, were evacuated and temporarily relocated to an adjacent building following a 2-alarm fire and gas leak February 19. Damage estimates totaled \$500,000 after a snapped pipe caused the gas leak which led to the ignition of the gas by a furnace in the basement.

[\[Return to top\]](#)

## **Government Facilities Sector**

14. *February 20, Reno Gazette-Journal* – (Nevada) **School canceled in Winnemucca after mercury scare.** Classes were canceled across schools in the district February 20 after 400 students had their feet and shoes decontaminated on the football field of Winnemucca Junior High School in Nevada after a student took a salt shaker filled with mercury to the school February 19 leaving trails of it through the hallways and on the school bus. Three other schools in the area were placed under a precautionary lockdown to ensure the mercury did not travel to other schools.  
Source: <http://www.rgj.com/story/news/2015/02/19/mercury-spill-prompts-lockdown-winnemucca-school/23701433/>
15. *February 20, Aurora Beacon-News* – (Illinois) **Ten Boulder Hill students sent to a hospital after school bus crash.** An accident near Orchard Road and Caterpillar Drive in Illinois involving a vehicle and a school bus transporting Boulder Hill Elementary School students caused 10 students to be transported to an area hospital for evaluation February 20.

Source: <http://www.chicagotribune.com/suburbs/aurora-beacon-news/news/ct-abn-oswego-bus-crash-st-0222-20150220-story.html>

16. *February 19, Wilmington News Journal* – (Delaware) **School bus crash sends 16 students to hospital.** Sixteen students were injured in an accident involving 3 school buses in Bridgeville, Delaware, February 19. One bus crashed into a second bus, forcing it to collide with a third bus.  
Source: <http://www.delawareonline.com/story/news/crime/2015/02/19/school-bus-crash-sends-students-hospital/23710003/>
17. *February 19, KTLA 5 Los Angeles* – (California) **White powder sent to L.A. County judge possibly linked to series of such letters: FBI.** Officials cleared the scene February 19 at the Stanley Mosk Courthouse in Los Angeles 3 hours after a letter containing an unknown white substance was sent to a judge, prompting a HAZMAT response. The incident is being investigated by the FBI after reports of other letters containing white powder that were sent to government buildings February 18-19.

## **Information Technology Sector**

19. *February 20, Softpedia* – (International) **Commercial spyware found in enterprise environment.** Security researchers at Lacocon Mobile Security and Check Point discovered 18 different commercial remote access trojan (mRAT) spying tools that connect to the company's Wi Fi and communicate with the command and control (C&C) server on 1,000 of 900,000 corporate mobile devices tested. The spyware, generally marketed for monitoring children, allows employers to track the location of users, log activity on the device, access emails, texts, and contacts, and possibly activate the device's microphone for recording.  
Source: <http://news.softpedia.com/news/Commercial-Spyware-Found-in-Enterprise-Environment-473785.shtml>

20. *February 20, The Register* – (International) **Hackers now popping Cisco VPN portals.** An Australian hacker reported a flaw that allows attackers to crack customized Cisco virtual private networks (VPNs) to steal credentials, inject malware, modify Clientless Secure Sockets Layer (SSL) and VPN portal content, and launch cross-site scripting (XSS). Cisco stated that the flaw was due to improper implementation of authentication checks in the customization framework of Clientless SSL VPN portal versions earlier than October 8, 2014 and recommended customers follow their incident response process.

[\[Return to top\]](#)

## **Commercial Facilities Sector**

23. *February 20, Reuters* – (California) **Bomb scare proves false alarm near Hollywood venue for Oscars.** A bomb scare triggered by an erratic motorist brandishing a propane tank and nitrous oxide prompted a 5-hour closure of a hotel and storefronts in a Hollywood shopping strip February 19 while a bomb squad investigated and cleared the scene. The incident that was rendered a false alarm occurred in the area of the Dolby Theatre complex where an upcoming awards ceremony is scheduled to take place February 22 and traffic was previously closed off in preparation for the high profile event.

Source: <http://www.msn.com/en-us/news/us/bomb-scare-proves-false-alarm-near-hollywood-venue-for-oscars/ar-BBhLD9X>

24. *February 20, Foster's Daily Democrat* – (New Hampshire) **Threat of roof collapse closes stores Crossings at Fox Run.** At least 4 stores at the Crossings at Fox Run mall were evacuated and closed February 19 after a cracked steel support beam and sagging ceilings were observed inside a business. Crews were on the scene to remove snow from the roofs of the mall that must remain closed until structural engineers approve the building's safety.
